	(Contd. of page 1)
P332+P313	If skin irritation occurs: Get medical advice/attention.
P501	Dispose of contents/container in accordance with local/regional/national/ international regulations.

· 2.3 Other hazards

#### Results of PBT and vPvB assessment

· **PBT:** Not applicable.

• **vPvB:** Not applicable.

## SECTION 3: Composition/information on ingredients

#### · 3.2 Mixtures

· Description: Mixture consisting of the following components with harmless additives.

· Dangerous components:					
EINECS: 266-043-4		25-50%			
	<ul> <li>♦ Eye Dam. 1, H318</li> <li>♦ Skin Irrit. 2, H315; STOT SE 3, H335</li> </ul>				
CAS: 1317-65-3 EINECS: 215-279-6	Calciumcarbonat	5-10%			
	substance with a Community workplace exposure limit				

# SECTION 4: First aid measures

· 4.1 Description of first aid measures

- · General information Instantly remove any clothing soiled by the product.
- · After inhalation Supply fresh air; consult doctor in case of symptoms.
- After skin contact

Instantly wash with water and soap and rinse thoroughly.

- If skin irritation continues, consult a doctor.
- After eye contact Rinse opened eye for several minutes under running water. Then consult doctor. After swallowing
- Rinse out mouth and then drink plenty of water.

In case of persistent symptoms consult doctor.

#### 4.2 Most important symptoms and effects, both acute and delayed

No further relevant information available.

• **4.3 Indication of any immediate medical attention and special treatment needed** No further relevant information available.

# SECTION 5: Firefighting measures

- · 5.1 Extinguishing media
- Suitable extinguishing agents
- Use fire fighting measures that suit the environment.
- CO2, extinguishing powder or water jet. Fight larger fires with water jet or alcohol-resistant foam.
- · For safety reasons unsuitable extinguishing agents Water with a full water jet.
- 5.2 Special hazards arising from the substance or mixture
- No further relevant information available.
- 5.3 Advice for firefighters
- · Protective equipment: No special measures required.

(Contd. on page 3)

Printing date 24.05.2024

Version number 9 (replaces version 8)

Revision: 24.05.2024

## Trade name BAU- UND FLIESENKLEBER BFK 05

(Contd. of page 2)

## SECTION 6: Accidental release measures

- 6.1 Personal precautions, protective equipment and emergency procedures Wear protective clothing.
- 6.2 Environmental precautions: Do not allow product to reach sewage system or water bodies.
- 6.3 Methods and material for containment and cleaning up:
- Use neutralising agent. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Collect mechanically.

Dispose of contaminated material as waste according to item 13.

- Ensure adequate ventilation.
- 6.4 Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for information on disposal.

## SECTION 7: Handling and storage

• **7.1 Precautions for safe handling** Thorough dedusting. Keep containers tightly sealed. Ensure good ventilation/exhaustion at the workplace. Prevent formation of dust.

- · Information about protection against explosions and fires: No special measures required.
- · 7.2 Conditions for safe storage, including any incompatibilities
- · Storage
- · Requirements to be met by storerooms and containers: Store only in the original container.
- Information about storage in one common storage facility: Store away from water. Store away from foodstuffs.
- Further information about storage conditions:
- Keep container tightly sealed. Store under dry conditions.
- Storage class 13
- · 7.3 Specific end use(s) No further relevant information available.

# SECTION 8: Exposure controls/personal protection

## · 8.1 Control parameters

· Components with critical values that require monitoring at the workplace:

65997-15-1 Cement portland, Low-chromate according to EU-VO 1907/2006 (REACH)

WEL Long-term value: 10\* 4\*\* mg/m<sup>3</sup>

- \*inhalable dust \*\*respirable dust
- 1317-65-3 Calciumcarbonat
- WEL Long-term value: 10\* 4\*\* mg/m<sup>3</sup>

\*inhalable dust; \*\*respirable

· Additional information: The lists that were valid during the compilation were used as basis.

- · 8.2 Exposure controls
- · Appropriate engineering controls No further data; see section 7.
- Individual protection measures, such as personal protective equipment
   General protective and hygienic measures

The usual precautionary measures should be adhered to in handling the chemicals. Keep away from foodstuffs, beverages and food.

Printing date 24.05.2024

Version number 9 (replaces version 8)

(Contd. of page 3)

## Trade name BAU- UND FLIESENKLEBER BFK 05

Instantly remove any soiled and impregnated garments. Wash hands during breaks and at the end of the work. Avoid contact with the eyes and skin. • **Breathing equipment:** 

Breathing protection recommended. Filter P2.

· Hand protection Protective gloves.

## • Material of gloves

Use gloves of stable material (e.g. Nitrile) - if necessary tricoted to improve the wearability. The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer.

# · Penetration time of glove material

The exact break trough time has to be found out by the manufacturer of the protective gloves and has to be observed.

· Eye/face protection Tightly sealed safety glasses.

· Body protection: Protective work clothing.

### SECTION 9: Physical and chemical properties

## SECTION 10: Stability and reactivity

• 10.1 Reactivity No further relevant information available.

· 10.2 Chemical stability

· Conditions to be avoided: No decomposition if used according to specifications.

· 10.3 Possibility of hazardous reactions No dangerous reactions known

· 10.4 Conditions to avoid No further relevant information available.

• 10.5 Incompatible materials: No further relevant information available.

10.6 Hazardous decomposition products: None

# SECTION 11: Toxicological information

 $\cdot$  11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008

• Acute toxicity Based on available data, the classification criteria are not met.

#### · LD/LC50 values that are relevant for classification:

## 1317-65-3 Calciumcarbonat

Oral LD50 >5,000 mg/kg (rat)

Skin corrosion/irritation

Causes skin irritation.

- Serious eye damage/irritation
- Causes serious eye damage.
- · Germ cell mutagenicity Based on available data, the classification criteria are not met.
- · Carcinogenicity Based on available data, the classification criteria are not met.
- · Reproductive toxicity Based on available data, the classification criteria are not met.
- STOT-single exposure
- May cause respiratory irritation.
- · STOT-repeated exposure Based on available data, the classification criteria are not met.
- · Aspiration hazard Based on available data, the classification criteria are not met.
- · 11.2 Information on other hazards
- Endocrine disrupting properties
- None of the ingredients is listed.
